

Top 10 Must-See Permanent Exhibits selected by Kanto-METI

01 Japan Pavilion

Let's go on a journey through the cycle with the representative characters of Japan at the Japan Pavilion! It showcases one of the largest Martian rocks in the world, and the pride of Japan's circular manufacturing technologies.

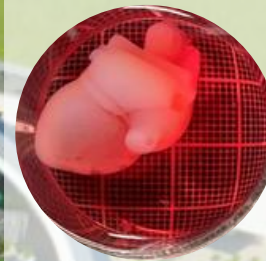

02 View from the Grand Ring

A one of the largest wooden structures in the world, embodying the Expo's philosophy of 'unity in diversity,' utilizing traditional Japanese carpentry techniques. From the ring, you can enjoy a panoramic view of about 160 international pavilions and the sunset!

03 PASONA NATUREVERSE

The ultimate goal in the field of regenerative medicine is to create transplantable organs. Witness the current state of technology aimed at developing future 'artificial hearts' with a 'moving heart' recreated in three dimensions using cardiac sheets made from iPS cells!

04 Saudi Arabia Pavilion

This pavilion recreates traditional urban structures of Saudi Arabia, allowing visitors to enjoy the atmosphere of the local townscape.

05 Creating Rainbows

This pavilion has no roof or wall. Visitors can experience a variety of resonances, including an installation in which they create a rainbow together with nature, which changes with the seasons, weather, and time of day, while resonating with each other!

Signature Pavilion 'Better Co-Being'

What is Kanto-METI?

Kanto-METI is a regional office of the Ministry of Economy, Trade and Industry responsible for the Kanto region. Through Expo 2025 Osaka, Kansai, it promotes the appeal of businesses and local areas.

Plenty to See! Limited-Time 'Encounter with the Unknown' for 6 Months!

06 SUSHIRO's Futuristic Expo Store

You can enjoy future fish, such as land-raised Bikara eel and marinated mackerel.

07 Healthcare pavilion

The hugely popular game Monster Hunter makes its appearance at the Expo. With AR devices, you can experience an immersive adventure that combines a 360-degree theater and a vibrating floor—an experience you can only have at the Expo!

08 Gas Pavilion

In the Ghost Wonderland, you can enjoy transforming into the future alongside ghosts by wearing XR goggles. Don't miss the exterior made with new materials designed to cool the Earth!

09 Life of Androids

To what extent will human-like androids expand human potential? You can experience life in the future surrounded by robots 50 years from now. You might be able to meet humans from 1000 years in the future!

Signature Pavilion 'Future of Life'

10 Luxembourg Pavilion

In the beautiful pavilion with a white membrane roof, you can enjoy not only theater and visual arts but also the cuisine of the country, known for its gourmet food. Enjoy the pâtissier's signature sweets.

In addition, it depicts the 'life in space' and 'yet-to-be-realized scientific technologies' portrayed in the Gundam series.

Demonstrating autonomous navigation robots that assist visually impaired individuals in mobility, as well as AI suitcases at the venue!
